YMCA
SUMMER
CAMP GUIDE
2012

WELCOME TO YMCA SUMMER CAMPS!

The overall goal of YMCA Camping is to **help children and teens grow in spirit, mind, and body.** We're sure you will find a Y camp (or combination of camps) that is a perfect fit for your child. There are many ways we strive to have "something for everyone."

Here's how:

- Age-appropriate programs for preschool to high school
- 29 Convenient locations throughout the Greater Indianapolis area
- Early- and late-stay options for working parents at **NO ADDITIONAL CHARGE**
 - Day Camp hours are 9:00 a.m.-4:00 p.m. daily, but campers may be dropped off at 7:00 a.m. (as early as 6:30 am at select locations). Campers can be picked up as late as 6:00 p.m. Check with your camp for specific times.
- Affordable day and overnight programs and Y For All
 - Weekly or part-time rates are available.
 - **The Y is unique because your membership rates and program fees are based on total household income.** The Y is able to offer this sliding fee scale thanks to the generous donors whose contributions enable us to realize our mission of being open and accessible to all.
- Half day, full day and even overnight camping programs
- A wide range of program options
- Four ways to register: Online, in person, fax, or by mail (See details on inside back cover)
- Qualified staff that are carefully screened and trained. They receive over 40 hours of intense training in camp programs
- Building assets in children: YMCA camping programs are designed to give children the support they need to become successful adults. Feedback from parents surveyed last year said:
 - 95% felt that Y **staff are friendly, courteous, and approachable.**
 - 97% felt their **child was safe** while in Y programs.
 - 94% felt their **child has become more responsible** since participating in Y programs.
 - 91% felt their children **learned to do things they didn't think they could do.**

ACA Accreditation. All YMCA camps are fully accredited by the American Camp Association. This means they have met or exceeded the highest nationally recognized standards for health, safety, staff training, and program quality. ACA accreditation demonstrates a commitment to excellence, which makes your job of choosing the right camp much easier.

The YMCA of Greater Indianapolis acknowledges that no single group, institution, or organization by itself can provide all the assets kids need.

In order to make a true and significant difference, it will take a community-wide effort. Therefore, the Y is committed to working in collaboration with schools, churches, neighborhood organizations, government agencies, and other human services groups to increase the availability and accessibility of the 40 developmental assets for all youth and teens in our community.
