### DROP-OFF INFORMATION

Each child must be fever and symptom free to attend. A screening process with the following questions is completed as each child is signed in:

- Do you have a fever (100 or higher), new or worsening cough, shortness of breath, and/or a sore throat?
- Have you been in contact with a confirmed case of COVID-19?

### CHILD SAFETY

The safety of participants and families is our top priority. Here are the ways we are working to keep everyone healthy.

- Children wash their hands upon entering the program daily.
- Drop-off/pick-up take place curbside to avoid unnecessary contact.
- Children play in small groups (9 or fewer kids to 1 staff).
- Program spaces are sanitized daily.
- Toys/supplies remain separated by groups throughout the day.

If a positive case of COVID-19 is identified in a participant or YMCA staff member, you will be contacted and the program will close temporarily for a thorough cleaning and disinfection process.

### ACTIVITIES

Participants receive help to complete e-Learning assignments, along with engaging and hands-on activities led by experienced staff. Children should bring any needed materials to complete e-Learning assignments, including technology and/or devices.

### MEDICATIONS

Please bring medication in a bag with a prescription label. A form will need to be completed at registration.
